## Purpose of the Weekend

Leadership weekend is designed to help patrol leaders & aspiring patrol leaders to develop the skills they need for the role and develop their participation in running the troop.

The weekend programme is based on the Scout Association's 'Taking the Lead' scheme and helps young people to become better patrol leaders, as well as helping to prepare them for their adult roles in society.

While the camp is based indoors at West Hall Scout Campsite near Whitburn, there will be plenty of opportunities to get outdoors.
